

On a sunny and hot Saturday, August 6, 2022, five members of the Lake City Wings, Chapter-F, headed to Angola to participate in the Chapter-U Ride & Picnic. The group rode eighty miles taking all back roads to arrive at the Commons Park in Angola, just in time to partake in the scenic ride and then relax at the shelter. We enjoyed the games, the fellowship of the other riders that attended, and the spread of meat and side dishes offered. The event was a huge success, and we know that the Chapter-U team must have been exhausted from preparing the food and serving the guests. *That's when we struck!* We announced our intention to take the traveling plaque during the picnic and removed the burden of carrying the plaque from Chapter-U.

The traveling plaque can now be found in Warsaw, IN. Chapter-F will have the plaque on display for all to behold and admire at the Pizza Hut located on Detroit Street, but only on the third Tuesday of the month.

Fun Facts... This makes the fourth time that Chapter-F has taken the plaque. The last time was November 9, 2009... over 12 years ago! The times before were March 29, 1993, and July 6, 1992.

Chapter-F will have the plaque viewing (*not stealing* 😊) and monthly gathering on the third Tuesday of the month at Pizza Hut on Detroit Street; eat at 6 pm, followed by the meeting. 502 N Detroit St., Warsaw, IN 46580
