Wednesday Night Dinner Rides:

Our winter schedule is on.

Meet at the restaurant at 6:00 p.m.

Every 2nd & 4th Wednesday meet at Christo's 6:00 pm

Ed & Linda Feldt

Directors Notes

Hey Everybody, Our newsletter editor was playing Rip Van Winkle last month, so we will catch up in this newsletter. We held our Hobo Stew at the Feldts on the 14th of October. A few were there Ray brought his grandson and Michael. The grandson was bored till the other kids started showing up. We had a hay ride some great company. We saved the White Elephant gifts for another occasion. Maybe the Christmas party. Didn't have many there so, we didn't decide anything.

On to November where we met at Christo's. Our ADD, Lonny Hunter, was in attendance. He came by to tell us all about Winter Rendezvous in Shippshewana in February. Looks like will have a few of us going snow or not. There plenty of activities and a Magician, a professional magician. The theme is Snowbirds so bring a costume and your pajamas.

We will be donating to Wreaths across America again this year. Our donation will be used here at the Indiana Veterans home burial site.

We can have a CPR/First aid course for our chapter. We need 12 people to sign up so we can hold it here in Lafayette. If you would like to take one or need one for your levels program call me or txt me.

Our chapter Christmas party is December 1st, at Brady Lane Church. It Starts at 6pm please bring a covered dish with food in it. Also, we are donating to the church's food bank, so bring some non-perishables. I will give out a list of things they need during the upcoming dinner rides. We will be meeting at Christo's on the 2nd & 4th Wednesdays of the month now through March. Will meet at 6 to eat and chat like always.

See Ya down the road,

Ed & Linda Feldt

Rider Education

Sniffle, sob, shrug, snort. The end of the normal riding season is upon a lot of us. For those of you who don't like cold weather riding, you're probably preparing your trusty steed for its long winter nap. As you're doing those chores or at your next gathering/ dinner ride, how 'bout thinking about or discussing this past riding season. Did you ride as much as you wanted? Did you have any close calls? Did you feel as comfortable riding as you did in past years? Is there something you felt like you could do to make yourself a better rider? For you co-riders, did you feel as comfortable riding this year as you did in years past? Did you think you had any close calls (your definition may not be the same as your rider!), is there something you'd like to work on, or your rider to work on, to improve your quality of ride? Now is the time to take stock about the good and bad of the season and put into place your plan for next year. Is your riding gear shrinking and you need to invest in some new stuff? Are your tires reaching the end of their safe life? Are you riding your bike with the confidence you want/need? If there are some riding issues you'd like to address for next season or if you just want to be the best you can be, start planning on taking a rider course next year. Co-Riders, if YOU want your rider to be the best they can be (your safety is directly tied to their riding skills), start getting on them NOW to sign up for a rider course!

Your Indiana District has a fantastic cadre of instructors willing and able to put on classes anywhere in Indiana. We can teach Advanced Rider Course (ARC), Trike Rider Course (TRC), Two-Wheel Trailing, and Trike with Trailing. All count towards your Levels certification. All we ask is we have enough students to make it worth the time and effort needed to prepare for and present a course. We'd love to have 12 bikes but we'll do a class with 4-6 bikes. We also need your help in finding ranges we can use. We need a relatively flat, paved area close to 310 x 210 feet. It can be a little smaller and can have some light poles. In a perfect world, we'd have an area twice that size where we can run an ARC and TRC class simultaneously. In a little less perfect world, we'd love to have a range where we can train ARC/TRC on the same patch of ground on a back-to-back Saturday and Sunday (saving us a lot of prep and travel time). We'll also need some sorta classroom facility. Nothing fancy just lights, chairs, tables, power, and a potty. GWRRA has insurance and can provide that information if you have a site thinking about letting us use their lot. NOW is the time for YOU to help US get ready for the 2019 riding season. Talk about this at your gatherings, holiday get together, or at an upcoming dinner ride. We want you to be the best you can be while out riding your bike.

Until next time.....

Rick and Debbie Warmels
